3M Kraft Repulpable Single Coated Tape

9981

Page 1 of 2

Technical Data

January, 1997

Product Description	An unbleached Kraft paper coated with a high tack transparent repulpable adhes				
Construction	Backing Adhesive		Liner	Color	Roll Length
	43 lb.kraft paper	High tack, high adhesion, transparent, repulpable	None	Brown unbleache d backing	60 yds.(55m)
Typical Physical Properties and Performance	Note: The following technical information and data should be considered representative or typical only and should not be used for specification purposes.				
Characteristics	Repulpability : Tensile Strength: Tape Thickness: Bonding Strength:	Tape-Completely* Machine Direction – 36 lbs./in. (630 N/100 mm) 4.5 mils (0.11 mm) without liner Delaminates most papers.			
	Heat Resistance: Excellent to 300° (150°C) web temperature for minute

Kraft Repulpable Single Coated Tape 9981

	FEATURES	ADVANTAGES	BENEFITS		
	 Repulpable adhesive No liner 43 lb. Backing 	• No need to remove splice from waste	• Helps save labor		
		• Prevents broke contamination of non- repulpable splice material	 Helps increase value of scrap paper Helps increase splicing speed Helps increase tabbing splicing performance 		
		• Easy to apply			
		• High strength and conformability
